Dear Mr. Kent:

Reference is made to Mr. Warren E. Hall's report to Mr. Taylor regarding the Lake Tewaukan easement refuge.

You will note Mr. Hall's remarks relative to the road dyke on the east end of Lake Tewaukan. There is some question in our minds as to whether or not the Bureau is responsible for the maintenance of this structure. It is our understanding that this road dyke was constructed some little time previous to the taking over of this area by the Biological Survey and we would appreciate further information relative to this matter.

Very truly yours,

Burnie Maurek, Regional Director
